JSC "Auminga" produces and sells the following products – half-finished pallets, non-standard, uncertified pallets, waste wood (trimmings, wood dust, firewood).

Half-finished pallets

JSC "Auminga" specializes in production and sale of wooden half-finished pallets. Half-finished materials are produced of hardwood (common alder, birch, aspen) and softwood. Production is of high-quality, as we use high-quality raw materials, cut with circular saws.

Dimensions of half-finished products produced by the Company:

- 22 x 143 x 1200/1000/800;
- 22 x 98 x 1200/1000/960/800;
- 22 x 78 x 1200/1000;
- 17 x 98 x 1200/1000/800;
- 17 x 78 x 1200/1140/1000/800;
- 17 x 133 x 1200/1140.

In case of higher demand and increase of orders the Company can offer half-finished products of 14 mm, 16 mm, 18 mm, 19 mm thickness.

To achieve the highest output indices the products are divided into 1st, 2nd and 3rd categories. Half-finished products of the 1st category – production with sharp angles, without blue rot, mold, rot or bark. The 2nd category – boards of lower quality with chamfers, small cracks, color changes, etc. are allowed.

Samples of the 1st category products:
